Message from Mrs Kinsley So lovely to finish the week with some warm sunshine, and Chatsworth is even brighter with all the yellow outfit efforts to support Cystic Fibrosis Week with the **Cystic Fibrosis Trust**—information about this rare genetic condition, and details of ways to support can be found on the CFT website [here](#). It's been a busy day as we've also had our super popular **Father's Day Sale** thanks to our fabulous PTA. We hope all dads, grandads and special men and boys in our children's lives have an extra special weekend, and we look forward to seeing you all again on Monday.

SAFE Our half term safety focus is **water safety** and Miss Turner's assembly this week introduced the children to some important rules as we get ready to enjoy the paddling pools and swimming pools this summer. Some videos and information for families can be found on the

Royal Life Saving Society's website [here](#)

Nursery news

Nursery letters have gone out this week as we begin to get ready to welcome our new intake in September.

We're pleased to introduce **Miss Cogan** as the class teacher for Simmonds class next year, as **Miss McKay** will be leaving Chatsworth to go travelling! We will miss her so much but can't wait to hear of her adventures! Miss Cogan has been working on placement in Nursery since January and has settled so well into the Chatsworth family.

HAPPY What a lovely surprise this week to get a parcel from **Ellie Simmonds**, who was so excited to hear about our Nursery class being named after her! Thank you so much to **Isaac** and **Elijah's** nan for linking us up—the children are thrilled!

Father's Day Sale

The children were so excited today to go into the hall and choose their Father's Day gifts.

Thank you so much to the PTA again, for giving our children this lovely memorable experience.
